

MODEL: FWP-1500 Floor Standing Cooler FWP-600 Countertop Version

The FWP-1500 & FWP-600 represent the entry level line of coolers. Equipped with hot and cold tanks, this model makes itself a great unit to have in any setting where moderate consumption is the norm.

With plenty of internal space, filter changes are performed with ease. A simple interface allows each user to know when the water is heating and cooling. These coolers also come equipped with a child safety lock and sturdy faucets.

The FWP-1500 & FWP-600 come standard in white. Black is an available option in both models.
